Flexible, universal, and reliable— PrioCHECK Paratuberculosis Ab 3.0 Plate Kit

Upgrade your lab capabilities to detect MAP-specific ruminant antibodies with this new ELISA testing kit

Introducing the Applied Biosystems™ PrioCHECK™ Paratuberculosis Ab 3.0 Plate Kit—an updated ELISA testing kit developed to enhance effectiveness in the lab. This advanced kit is specially designed to detect *Mycobacterium avium* subspecies *paratuberculosis* (MAP)-specific ruminant antibodies with precision and accuracy. With the PrioCHECK ELISA testing kit, enable reliability and efficiency when detecting paratuberculosis.

The PrioCHECK Paratuberculosis Ab 3.0 Plate Kit is designed with features to bring convenience and flexibility to your lab:

- Short (45 min) and long incubation (16–20 hr) options—**flexibility to suit your schedule and workflow**
- Room temperature shipping conditions—**receive and store with convenience**
- Compatible on both individual and bulk milk samples—**versatility in testing options**
- 5-plate kit (460 tests) and 30-plate kit (2,760 tests)—**testing a small or large batch**
- Runs on a flexible universal protocol across compatible species and sample types—**reduce the need for separate kits for different species**

This updated product offers exceptional flexibility, which means no more juggling different protocols for different species; our kit simplifies your workflow while maintaining high precision.

applied biosystems

Table 1. Compatible species and sample types.

Sample type	Species		
	Cattle	Sheep	Goat
	<ul style="list-style-type: none"> individual milk, serum, and plasma bulk milk 	<ul style="list-style-type: none"> individual serum and plasma 	<ul style="list-style-type: none"> individual serum and plasma

By accurately detecting MAP-specific ruminant antibodies across a variety of species and sample types, the PrioCHECK kit helps to eliminate the need for multiple protocols and different kits. This universal solution not only simplifies your workflow, but also significantly helps enhance the efficiency and reliability of your diagnostic testing, supporting the complex needs of modern testing labs with ease.

Ordering information

Description	Unit size	Cat. No.
PrioCHECK Paratuberculosis Ab 3.0 Plate Kit, ELISA 5-plate kit	460 samples	A65415
PrioCHECK Paratuberculosis Ab 3.0 Plate Kit, ELISA 30-plate kit	2,760 samples	A65416
